HT-RB24E BLOWER

GET IN QUICK, THIS OFFER IS ONLY AVAILABLE UNTIL 28TH FEBRUARY 2010!

-  Powerful 0.84kW 23.9cc Pure Fire Engine
-  298km max air speed with high volume fan nozzle
-  Cruise control throttle
-  Soft ergonomic grip
-  Shredder blade standard
-  Vacuum kit optional
-  Secondary handle

\$365 + GST

NOW \$299 + GST

Specifications

Engine Displacement (cc)	23.9
Max Power (kW)	0.84
Fuel tank capacity (mL)	600
Max air speed (km)	298 high volume fan nozzle / 238 round nozzle
spark plug	NGK - BMR7A
Sound Pressure Rating (dB(A))	68
Dry Weight (kg)	4.6
Dimensions (mm)	Length 365/ Height 360/ Width 269
Standard Accessories	High volume fan nozzle, round nozzle, combi spanner

High volume fan nozzle provides greater control and increased blowing efficiency

Pure Fire Engine produces especially low emissions and achieves 30% less fuel consumption without the need for additional internal moving parts

Cruise control throttle reduces fatigue by allowing user to rest trigger finger, becoming especially practical during longer operation times

Vacuum kit enables quick and easy pick up of leaves and trimmings Sold separately as optional accessory - RB-HVA

Shredder blade ensures fast and simple mulching of leaves and trimmings

Secondary handle provides ability to use two hands reducing arm fatigue
