PRECAUTIONS AND LIMITATIONS

Colours shown on this chart are to be used as a guide only and are reproduced as close as modern printing techniques allow. Display pavements are intended as a guideline only. Variations in colour intensity and shading will occur within the same application. Green colours are for interior use only. Parchem Construction Supplies Pty Ltd does not recommend Tex-stain be used on moderately to steep surfaces as the resulting surface may become slippery and dangerous when wet. Tex-stain may react differently with different concrete surfaces. Always conduct a test patch on an inconspicuous area of the surface to be stained before commencing the project to test for suitability. The end user shall determine suitability and assume all risk and liability.
