NEW BLADETEC™ DIAMOND TOOL RANGE

The new Bladetek™ diamond tools product range provides solutions for nearly all your concrete sawing, drilling and grinding needs.

Bladetek's range of diamond blades, core bits and diamond grinding tools are high performing, high quality products and are now available at Parchem.

The Bladetek™ diamond tool range can be used in many different applications such as polishing marble and granite, cutting concrete blocks, pavers, sandstone and aerated concrete as well as asphalt and limestone cutting. The continuous rim blades for use on power tools and saws are ideal for precise and chip free cutting of porcelain, ceramic and terracotta tiles. Our PCD, Poly Crystalline Diamond Cup wheels are ideal for removing thick coatings (glue and epoxies) and are available in various sizes ranging from 4" – 7" ,4" – 9" 4" – 5" and others.
