

DURAFLOOR X

Heavy duty polyurethane resin floor system.

Durafloor X has been designed to produce a flooring system for applications that require high resistance to mechanical stress and chemical attack, that are subject to extreme temperatures (-25 degrees C to 120 degrees C) and need to be applied within a limited timeframe.

Typical uses for the system are in wet processing zones in chemical processing plants and food preparation and manufacturing areas.

ADVANTAGES

- Handles extreme temperatures
- High chemical resistance
- Hard wearing – abrasion resistant
- Non tainting during application
- Low odour during application
- Slip resistant
- Fast turnaround times
- Easy to clean
- Anti-microbial properties

Project Details	Application	Location
RMT Battery recycling plant	Factory/Production floor	Wagga Wagga, NSW
Supa Barn Supermarket	Deli area	Wanniassa, ACT
Viking Club	Back of house/kitchen areas	Belconnen, ACT
Viking Club	Back of house/kitchen areas	Erindale, ACT
Mirinjani Retirement Village	Kitchen areas	Isabella Plains, ACT
Labor Club	Back of house/kitchen areas	Belconnen, NSW
Coles Supermarket	Process areas	Fairfield, QLD
Sizzler	Back of house	Toowoomba, QLD
Sizzler	Back of house	Carindale, QLD
Sizzler	Back of house	Townsville, QLD
KFC	Back of house/store	Carindale, QLD
Englefield Football Club	Keg/Coolroom	Englefield, SA
Butcher Shop	Coolroom/meat-locker	Salisbury, SA
VDM Snack Food	Food product storage areas	Canning Vale, WA
Cadbury Schweppes	Production areas	Welshpool, WA
