

Index® One Way Vents

Moisture relief device consisting of a two-piece polyethylene vent

Description

The Index One Way Vent is a moisture relief device consisting of a two-piece polyethylene vent.

It allows moisture vapour to escape out of the roof deck system without allowing moisture to enter through the vent.

Uses

Index One Way Vents are most commonly used in re-roofing applications. Blisters caused by internal moisture in "old" roofing systems may be prevented or reduced by using Index One Way Vents.

Index One Way Vents allow for continual release of vapour from within the system, while maintaining the watertight integrity from the outside.

Installation

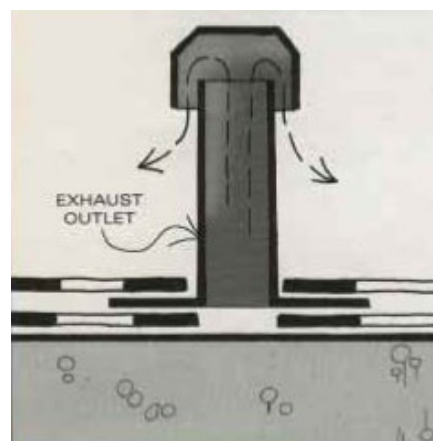

Spacing

Dependant on existing substrate moisture content and Index vent sheet chosen, Index One Way Vents may be installed as per below:

Index Perfobase:	1 every 40-100m ²
Index Rollbase:	1 every 50-100m ²
Index Vapordiffuser:	1 every 100m ²

Supply

Product Code:	771183
Index One Way Vents:	Approx. 90 mm in diameter

Index[®] One Way Vents

Important notice

A Safety Data Sheet (SDS) and Technical Data Sheet (TDS) are available from the Parchem website or upon request from the nearest Parchem sales office. Read the SDS and TDS carefully prior to use as application or performance data may change from time to time. In emergency, contact any Poisons Information Centre (phone 13 11 26 within Australia) or a doctor for advice.

Product disclaimer

This Technical Data Sheet (TDS) summarises our best knowledge of the product, including how to use and apply the product based on the information available at the time. You should read this TDS carefully and consider the information in the context of how the product will be used, including in conjunction with any other product and the type of surfaces to, and the manner in which, the product will be applied. Our responsibility for products sold is subject to our standard terms and conditions of sale. Parchem does not accept any liability either directly or indirectly for any losses suffered in connection with the use or application of the product whether or not in accordance with any advice, specification, recommendation or information given by it.
