

Rocket Chairs

Description

Colour coded by height, this unique design clips firmly to the mesh in either horizontal or vertical applications to provide accurate cover. Ideal for use in pipes, tanks and a variety of concrete products.

The rocket chairs narrow base reduces exposure and can accommodate light mesh up to 5mm.

Applications

- Rockets in septic tanks, pits and troughs
- Concrete Pipes

Supply

15, 20, 25, 30 & 35mm cover.

Important notice

A Safety Data Sheet (SDS) and Technical Data Sheet (TDS) are available from the Parchem website or upon request from the nearest Parchem sales office. Read the SDS and TDS carefully prior to use as application or performance data may change from time to time. In emergency, contact any Poisons Information Centre (phone 13 11 26 within Australia) or a doctor for advice.

Product disclaimer

This Technical Data Sheet (TDS) summarises our best knowledge of the product, including how to use and apply the product based on the information available at the time. You should read this TDS carefully and consider the information in the context of how the product will be used, including in conjunction with any other product and the type of surfaces to, and the manner in which, the product will be applied. Our responsibility for products sold is subject to our standard terms and conditions of sale. Parchem does not accept any liability either directly or indirectly for any losses suffered in connection with the use or application of the product whether or not in accordance with any advice, specification, recommendation or information given by it.
